MCSTEM100: Robot Cadets

(Exploring STEM via LEGO®

MINDSTORMS®): Students will have fun while learning basic static structures used

in robotics by applying the fundamentals of math and science concepts. Robot Cadets will build strong and stable structures, and explore simple machines. They will program their robots using LEGO® NXT software. They will enjoy playing drag race and Sumo with fellow team members. The campers will compete in mini team competitions and demonstrate their projects in a Show & Tell to the audience. **Note:** Returning Students do new/higher level projects.
